White is known as color of perfection and it is most pure and complete color. White will give your home sense of purity, innocence, perfection, completion and wholeness. Decorating home in all white is old as well as contemporary way of home décor.

Many people shy from adding white in their home, however adding white in your home can give a warm and pure appearance. Listed below are some unique and sophisticated ideas for all white décor.

### 1. Keep walls white:

In all white décor first important thing is to keep walls in white. Use oil paints as they give lustrous appearance.

### 2. Draw Attention To Art:

White walls do not look good unless they have contrast. Draw attention to your walls by investing in elegant art. The biggest advantage of all white décor is that it gives you an opportunity to show case your personality and style in your home interiors without caring and competing with wall colors. Display your favorite painting on the wall above your all white bed.

### 3. Choose All White Bedding:

There are hundreds of white bedding versions that give a richness to a room. For every bed sheet there is color spectrum and every color spectrum has white version of it. So be bold and bring pure white for your bed room.

#### 4. Window Treatments In White:

White drapes hanging from white ceiling will give an awe inspiring feeling. It really makes your home a pure and pristine dwelling. But it is not necessary to have plain white curtains or drapes. There are two fold curtains available in market which have white base and colored tulle is added to front. Such curtains are perfect for any home inspiring all white décor. So go and buy these two-tones drapes for your home.

#### 5. White Bathrooms With Colored Accents:

Nothing can give a wow factor than all white bathrooms with one focal wall made up of mosaic colored tiles. Add white sinks, bathtub, and all other material in your bathroom. Just splash colors on single wall which will become focal point in your bathroom décor. All white bathrooms will give striking touch with any accent color you give to it. For instance make red tiles in mosaic form with all white bathroom décor is really hot right now.

#### 6. White Furniture:

For all white décor furniture plays a significant role. Buy vintage white furniture like white sofa or couch for your living room. Complement them with colored rugs or felt pads to add pop of bit color too.

#### 7. White Decorative Accents:

Decorative items like chandeliers, vases, table mats, table runners, and any other things which you want to add, will perfectly complement your all white décor when they are in white, beige or blue colors.
